**Comments: Facilities, Lighting, Food, etc...**

- ♣Upstairs was great, downstairs was crowded to the point of not being able to see the presenter. Projection/overhead combo was hard to discern as well.
- ♣All
- ♣Very well organized! Thank you!
- ♣Conference registration was pricey, particularly the Saturday day rate. I know of many interpreters who chose not come for that reason.
- ♣Saturday room and lighting made it tough to attend/participate.
- ♣For workshops that will involve participation, it would be beneficial to set up the tables/seating as a circle so everyone can be seen.
- ♣Missed a large lobby area to hang out with folks.
- ♣Great Place!

- ♣Should offer very small breakfast (mini-muffins, coffee, juice, fruit)
- ♣Excellent
- ♣Rooms are great!!! Good Conference Rooms, would have liked bottled water available, Great Conference!!
- ♣Great Location, Saturday night-difficult to see presenter, elevators hot!
- ♣Nice facility, food delicious, hotel room-so so (humid, noisy hall), lighting-nice. Thank you!! Experience was great!
- ♣Hotel accommodations were great. The rooms were too cold. Great job overall! ☺ Thank you.
- ♣Good Saturday meal
- ♣Great
- ♣Hotel is fine, but beds too hard. Thank you for not making this ASL only. I feel strongly that young/student interpreters will not attend conferences that are not accessible for them. Some states are choosing to do this and I believe it is PC nonsense. If you don't have fluency then you will not have access or bravery to be able to participate. I am now comfortable enough with my signing so I would not be effected, but when I was a student it would have driven me away.
- ♣Conference location was great! Topics were weak, in general.
- ♣Water was not offered at lunch, odd.
- ♣Very well organized.
- ♣Facilities-great, Lighting-adequate, Food-very good
- ♣Excellent!
- ♣Lighting poor in workshop rooms-not your fault! Tables in the rooms! Great! Thank you for all your hard work!
- ♣Nice hotel, good food
